Keep Smiling

DeltaCare® USA

Dental benefits made easy!

When you enroll in a DeltaCare USA¹ DHMO plan, you'll choose a primary care dentist from our network of carefully screened, private practice dentists. You must visit your primary care dentist to receive benefits.2

- No restrictions on pre-existing conditions
- Access to specialty care and out-of-area emergency care

A partner in oral health

Your DeltaCare USA plan encourages regular dental care with an extensive list of covered services to help you stay healthy.

• Low or no copayments for services like cleanings and exams

Budget-friendly costs

With your DeltaCare USA plan, there are no surprises. You'll know your copayments, and your out-of-pocket costs are clearly defined before treatment begins.

- No deductibles or maximums³ for covered services
- Pay only your copayment (if any) at the time of treatment

Convenient services

We make it easy for you — there are no claim forms to complete, and no plan ID card is required to receive treatment.

- Access plan information online
- Change your primary care dentist by phone or online

LEGAL NOTICES: Access federal and state legal notices related to your plan: deltadentalins.com/about/legal/index-enrollee.html

DeltaCare USA is underwritten in these states by these entities: AL — Alpha Dental of Alabama, Inc.; AZ — Alpha Dental of Arizona, Inc.; CA — Delta Dental of California; AR, CO, IA, MA, ME, MI, MN, NC, ND, NE, NH, OK, OR, RI, SC, SD, VA, VT, WA, WI, WY — Dentegra Insurance Company; AK, CT, DC, DE, FL, GA, KS, LA, MS, MT, TN, WV — Delta Dental Insurance Company; HI, ID, IL, IN, KY, MD, MO, NJ, OH, TX — Alpha Dental Programs, Inc.; NV — Alpha Dental of New Mexico, Inc.; NY — Delta Dental of New York, Inc.; PA — Delta Dental of Pennsylvania. Delta Dental Insurance Company acts as the DeltaCare USA administrator in all these states. These companies are financially responsible for their own products. Delta Dental is a registered trademark of Delta Dental Plans Association.

² Verify your selected DeltaCare USA primary care dentist before each appointment.

³ Plans with an Accidental Injury Rider have a \$1,600 annual maximum for accidental injury. Consult your Evidence/Certificate of Coverage.

Frequently Asked Questions

What you need to know about your DeltaCare® USA plan

Getting started

1. How do I enroll in a DeltaCare USA plan?
Simply complete the enrollment process as directed by your benefits administrator. Be sure to select a primary care network dentist for yourself or your dependents, and indicate this dentist and the name of your group when you enroll.

2. How do I get started using my DeltaCare USA plan?

Once we process your enrollment, we'll mail you welcome materials that will include:

- The name, address and phone number of your selected primary care dentist. Simply call the dental facility to make an appointment. Important note: In order to receive benefits under your plan, you must visit your primary care network dentist for all services. If you require treatment from a specialist, your primary care dentist will coordinate a referral for you. You can change your primary care dentist by contacting us.
- Your Evidence/Certificate of Coverage (plan booklet). This useful document provides a thorough description of how to use your benefits, including covered services, copayments and any limitations and exclusions of your plan.
- An ID card. This card is for your records only you do not need to present it in order to receive treatment.

3. How long will it take to get an appointment with my primary care dentist?

Two to four weeks¹ is a reasonable amount of time to wait for a routine, non-urgent appointment. If you require a specific time slot, you may need to wait longer. Most DeltaCare USA dentists are in private group practices, which generally offer greater appointment availability and extended office hours.

4. How much will my dental treatments cost? How do I pay?

With your DeltaCare USA plan, some services are covered at no cost, while others have a copayment (amount you pay) for certain services. To find out how much a treatment will cost, refer to the "Description of Benefits and Copayments" in this brochure for a list of covered services and copayments. It's a good idea to bring your Evidence/Certificate of Coverage to your appointment in case you need to discuss your copayment for a service with your dentist. If you have any questions about the charges for a service, please contact Customer Service. If you receive treatment that requires a copayment, simply pay the dental facility at the time of service.

Choosing a dentist

5. How do I select my primary care dentist? When you enroll, you must select a primary care dentist from the DeltaCare USA network. To search for a dentist, use the "Find a Dentist" tool at deltadentalins.com and select the DeltaCare USA network. If you do not select a dentist when you enroll, we will choose one for you.

6. Does everyone in my family have to choose the same primary care dentist?

No. Each family member can select his or her own primary care network dentist.²

7. Can I change my primary care dentist?

Yes. You can request to change your primary care dentist at any time. Simply visit our website and log on to your online account or contact Customer Service. Change requests received by the 21st of the month will become effective the first day of the following month.

¹ In TX, three weeks is a reasonable amount of time to wait for a routine, non-urgent appointment. In TX, there is no limit on the number of miles or on the dollar amount per emergency.

² In MA, you cannot select more than three primary care dentist facilities per family.

- 8. My dentist says she is a Delta Dental dentist, but she isn't listed in the DeltaCare USA directory. Can I still visit her for services? No. Delta Dental has many networks, and participation may vary — not all Delta Dental dentists are DeltaCare USA dentists. You must visit your selected primary care network dentist to receive benefits under this plan.
- 9. What should I do if I need to see a specialist? If you require specialty dental care — such as oral surgery, endodontics, periodontics or pediatric dentistry — contact your primary care dentist to request a referral. Specialty dental services not performed by your selected primary care dentist must be authorized by us. You are responsible for any applicable copayments.

General plan information

10. If I'm traveling, is emergency treatment covered under my plan?

You and your eligible dependents have out-of-area coverage for dental emergencies.3 Your out-ofarea emergency benefit (typically limited to \$100 per person) is for services to relieve pain until you can return to your primary care network dentist.4 Standard plan limitations, exclusions and copayments may apply.

11. Can I access my plan online?

Yes. Visit deltadentalins.com to create a free, secure online account. You can access your plan benefits and ID card, select (or change) your primary care dentist and more.

12. Does my plan cover pre-existing conditions? What about treatments that are in progress?

Treatment for pre-existing conditions (except work in progress⁵), including missing or extracted teeth, is covered under your plan. Treatment in progress includes services such as preparations for crowns or root canals, or impressions for dentures. If you started treatment before your plan's effective date. you and your prior dental carrier are responsible for any costs. Some DeltaCare USA plans may cover inprogress orthodontic treatment.

13. Does my plan cover teeth whitening?

Yes. External bleaching is a benefit under your DeltaCare USA plan. Review your plan booklet for more information and talk to your dentist about your options.

14. Does my plan cover tooth-colored fillings and crowns?

Yes. Porcelain and other tooth-colored materials are included in this plan.

15. What if I have additional questions about my plan?

Please contact us for additional support. Our Customer Service representatives can answer benefits questions as well as help you change your primary care dentist or arrange for urgent care referrals. See the back page of this brochure for our contact information.

⁵ In TX, there is no exception for work in progress for covered DeltaCare USA benefits.

³ State-specific minimum distance requirements may apply.

⁴ In TX, there is no limit on the number of miles or on the dollar amount per emergency.

SCHEDULE A

Description of Benefits and Copayments

The Benefits shown below are performed as deemed appropriate by the attending Contract Dentist subject to the limitations and exclusions of the Program. Please refer to *Schedule B* for further clarification of Benefits. **Enrollees should discuss all treatment options with their Contract Dentist prior to services being rendered.**

Text that appears in italics below is specifically intended to clarify the delivery of Benefits under the DeltaCare USA Program and is not to be interpreted as Current Dental Terminology ("CDT"), CDT-2021, procedure codes, descriptors or nomenclature that are under copyright by the American Dental Association ("ADA"). The ADA may periodically change CDT codes or definitions. Such updated codes, descriptors and nomenclature may be used to describe these covered procedures in compliance with federal legislation.

Description of Benefits and Copayments

If services for a listed procedure are performed by the assigned Contract Dentist, the Enrollee pays the specified Copayment. Listed procedures which require a Dentist to provide Specialist Services, and are referred by the assigned Contract Dentist, must be authorized by Us. The Enrollee pays the Copayment specified for such services.

DeltaCare USA

Plan TX14I

S-A-TX-STD-R21 TX14I - V21

SCHEDULE B

Limitations of Benefits

- 1. The frequency of certain Benefits is limited. All frequency limitations are listed in *Schedule A, Description of Benefits and Copayments*.
- 2. If the Enrollee accepts a treatment plan from the Contract Dentist that includes any combination of more than six crowns, bridge pontics and/or bridge retainers, the Enrollee may be charged an additional \$100.00 above the listed Copayment for each of these services after the sixth unit has been provided.
- 3. General anesthesia and/or intravenous sedation/analgesia is limited to treatment by a contracted oral surgeon and in conjunction with an approved referral for the removal of one or more partial or full bony impactions, (Procedures D7230, D7240, and D7241).
- 4. When recommending covered crown(s), bridge pontic(s) and/or bridge retainers, which are supported either by a natural tooth or dental implant, Contract Dentists may offer services that utilize brand or trade names at an additional fee. The Enrollee must be offered the plan benefits of a high quality laboratory processed crown/pontic that may include: porcelain/ceramic; porcelain with base, noble or high-noble metal. If the Enrollee chooses the alternative of a material upgrade (name brand, laboratory processed or in-office processed crowns/pontics produced through specialized technique or materials, including but not limited to: Captek, Procera, Lava, Empress and Cerec), the Contract Dentist may charge an additional fee not to exceed \$150.00 in addition to the listed Copayment. Contact the Customer Service Center at 800-422-4234 if you have questions regarding the additional fee or name brand services.
- 5. Benefits provided by a pediatric Dentist are limited to children through age seven following an attempt by the assigned Contract Dentist to treat the child and upon Authorization by Alpha, less applicable Copayments. Exceptions for medical conditions, regardless of age limitation, will be considered on an individual basis.
- 6. The cost to an Enrollee receiving orthodontic treatment whose coverage is cancelled or terminated for any reason will be based on the Contract Orthodontist's submitted fee for the treatment plan. The Contract Orthodontist will prorate the amount for the number of months remaining to complete treatment. The Enrollee makes payment directly to the Contract Orthodontist as arranged.
- 7. Benefits for dental expenses incurred in connection with any dental or orthodontic procedure started before the Enrollee's eligibility with this Program are limited as follows:

Upon request of a newly covered Enrollee, Alpha will provide Benefits for the completion of covered services begun prior to the time his or her coverage became effective. Alpha will not provide coverage for incomplete services that are not otherwise Benefits under the terms and conditions of the Contract. Enrollees may request completion of treatment in progress by calling the Customer Service department at 800 422-4234 during normal business hours, or by sending a written request to Alpha.

Whenever possible, an Enrollee should complete treatment in progress with the Dentist who initiated the service. If such Dentist is an out-of-network Dentist, that Dentist must agree to the same terms and conditions that apply to an in-network Dentist in order for Alpha to provide Benefits. Copayments and other cost sharing components will apply. Benefits may be adjusted so that the total paid by the Enrollee and/or coverage provided by all plans is not more than 100% of total Allowable Expenses (as defined in the Coordination of Benefits section of the Contract).

Should the Enrollee be unable to complete treatment with the Dentist who initiated the service, Alpha will make reasonable and appropriate arrangements for completion of such treatment by a Contract Dentist.

- 8. Orthodontic treatment in progress is limited to new Enrollees who, at the time of their original effective date, are in active treatment started under their previous employer sponsored dental plan, as long as they continue to be eligible under this Program. Active treatment means tooth movement has begun. Enrollees are responsible for all Copayments and fees subject to the provisions of their prior dental plan. Alpha is financially responsible only for amounts unpaid by the prior dental plan for qualifying orthodontic cases.
- 9. Fabrication of athletic mouthguard is limited to once every 24 months for patients 18 and younger.

S-B-TX-STD-R21 V21

- 10. If any existing fixed bridge or removable denture that already replaces the tooth or teeth, which would be replaced by a new implant-supported prosthesis, that existing appliance must be eligible for replacement under the terms of the Contract.
- 11. Replacement of implants and implant-supported prosthesis requires the existing implants and implant-supported prosthesis to be 5+ years old.
- 12. Implants and implant supported crowns and prosthesis are covered to replace one or more natural permanent teeth lost due to accidental trauma or removal.
- 13. Implant removal is limited to one (1) for each implant during the Enrollee's lifetime.

Exclusions of Benefits

- 1. Any procedure that is not specifically listed under Schedule A, Description of Benefits and Copayments.
- 2. Any procedure that in the professional opinion of the Contract Dentist:
 - a. has poor prognosis for a successful result and reasonable longevity based on the condition of the tooth or teeth and/or surrounding structures, **or**
 - b. is inconsistent with generally accepted standards for dentistry.
- 3. Services solely for cosmetic purposes, with the exception of procedure D9975 (External bleaching for home application, per arch), or for conditions that are a result of hereditary or developmental defects, such as cleft palate, upper and lower jaw malformations, congenitally missing teeth and teeth that are discolored or lacking enamel, except for the treatment of newborn children with congenital defects or birth abnormalities.
- 4. Porcelain crowns, porcelain fused to metal, cast metal or resin with metal type crowns and fixed partial dentures (bridges) for children under 16 years of age.
- 5. The replacement of lost or stolen appliances including, but not limited to, full or partial dentures, space maintainers, crowns and implant abutments, and fixed partial dentures (bridges) whether supported by a natural tooth or dental implant.
- 6. Procedures, appliances or restoration if the purpose is to change vertical dimension, or to diagnose or treat abnormal conditions of the temporomandibular joint (TMJ).
- 7. Procedures that may include:
 - a. precious metal for removable appliances;
 - b. metallic or permanent soft bases for complete dentures;
 - c. porcelain denture teeth;
 - d. precision abutments for removable partials or fixed partial dentures including but not limited to overlays and related specialized appliances; and/or
 - e. personalization and characterization of complete and partial dentures.
- 8. Procedures that may include:
 - a. pre-implant diagnostic and therapeutic services, which are solely done to facilitate the placement of a dental implant including cone beam CT capture and interpretation, bone grafts and/or sinus augmentation;
 - b. post-implant maintenance, osseous surgeries and/or bone grafts; and/or
 - c. removal of a dental implant and all other services associated with a dental implant, unless listed as a covered benefit.
- 9. Implant and implant-supported crowns and appliances are not covered benefits for Enrollees under 19 years of age.
- 10. Diagnostic and treatment facilitating aids for implants are considered a part of, and included in, the fees for the definitive treatment.
- 11. An implant-supported prosthesis with one abutment supported by a natural tooth and the second supported by an implant are not covered.

S-B-TX-STD-R21 V21

Limitations and Exclusions of Benefits

- 12. Precious metal for removable appliances, metallic or permanent soft bases for complete dentures, porcelain denture teeth, precision abutments for removable partials or fixed partial dentures (overlays, implants, and appliances associated therewith) and personalization and characterization of complete and partial dentures.
- 13. Implant supported dental appliances and attachments, implant placement, maintenance, removal and all other services associated with a dental implant.
- 14. Consultations for non-covered Benefits.
- 15. Dental services received from any dental facility other than the assigned Contract Dentist, an authorized dental specialist, or a Contract Orthodontist except for *Emergency Dental Services* as described in Schedule A.
- 16. All related fees for admission, use, or stays in a hospital, out-patient surgery center, extended care facility, or other similar care facility.
- 17. Prescription drugs.
- 18. Lost, stolen or broken orthodontic appliances.
- 19. Orthodontic treatment must be provided by a licensed dentist. Self-administered orthodontics are not covered.

S-B-TX-STD-R21 V21

The following dental terms have the meanings indicated:

Abrasion - The abnormal wearing away of the tooth by chewing, incorrect brushing methods, grinding or similar causes.

Alveoloplasty - A surgical procedure to reshape the jaw bones to achieve normal bone contour in preparation for tooth replacement via denture, partials or bridges.

Amalgam - A metal alloy used in filling teeth.

Apicoectomy - The surgical removal of the root tip.

Appliance - A device used to provide function or therapeutic effect.

Attrition - The normal loss of tooth substance resulting from friction during chewing.

Banding - Application of preformed stainless steel rings that are fitted around the teeth and cemented in place.

Banding dentition - Treatment of a tooth which involves banding (for orthodontic purposes).

Cephalometric x-rays - X-rays used in studying the measurements of the head in relation to specific soft tissue and bony reference points.

Cleft palate - A birth defect resulting in an incomplete closure or formation of the palate.

Debridement - The removal of plaque and tartar, above and below the gumline, which makes the ability to evaluate the gum condition difficult.

Equilibration - Changing the occlusal forms of the teeth by selective grinding, with the interest of balancing occlusal stresses more evenly on the teeth.

Erosion - Chemical or mechanical destruction of tooth substance, the mechanism of which is incompletely known, that leads to the creation of a depression in the tooth surface at the gumline.

Exostosis - An excessive growth of bone.

Expansion appliance - An appliance used to widen a dental arch to increase the room available for permanent teeth and/or to correct the bite.

Frenum - The fibers that attach the cheek, lips or tongue to the tissue lining the mouth.

Frenectomy - Surgical removal or loosening of the frenum.

Functional appliance - An appliance used to achieve minor tooth movement, to strengthen the muscles of the oral cavity or to maintain space created by the loss or delayed eruption of the teeth.

Gingiva - The soft tissue which covers a tooth or the gum surrounding a tooth.

Gingivectomy - The surgical removal of the unsupported gingiva to the level where it is attached.

Gingivoplasty - Surgical contouring of the gingiva to facilitate maintenance of tissue health and integrity.

Headgear - An apparatus encircling the head or neck that provides attachment for an intraoral appliance in use of extraoral anchorage.

Implant - A device specially designed to be placed surgically within or on the mandibular or maxillary bone as a means of providing for dental replacement of a missing tooth.

Lingual - Pertaining to the tongue.

Macrognathia - A definite overgrowth of the mandible and maxilla.

Mandible - The lower jaw.

Mandibular - Pertaining to the lower jaw.

Maxilla - The upper jaw.

Maxillary - Pertaining to the upper jaw.

Micrognathia - An abnormal smallness of the jaws, especially the mandible.

Myofunctional therapy - Training to curb or eliminate abnormal muscle function of the oral cavity.

Occlusal - The chewing surfaces of the posterior teeth.

Occlusion - The contact between the upper and lower teeth when in a closed position.

Orthodontic appliance - Any appliance used to apply forces for tooth movement during orthodontic treatment.

Palate - The roof of the mouth.

Palatal - Pertaining to the roof of the mouth.

Palliative - Action that relieves pain but does not cure the cause of the pain.

Panoramic film - An x-ray that offers a full view of the entire length of the jaws in a single x-ray.

Pediatric or **Pedodontic** - Pertaining to children.

Periapical - The area surrounding or enclosing the root tip of a tooth.

Periodontitis - Gingival changes that occur due to infection and loss of attachment between the tooth and gums. Periodontitis is a long-term progressive disease.

Periradicular - Around the root.

Pontic - The term used for the artificial tooth on a bridge.

Prophylaxis - The removal of plaque, tartar and stains on the crown portion of the teeth, including polishing.

Pulp cap - The covering of an exposed dental nerve with material that protects it from foreign irritants.

Quadrant - One of the four equal sections into which the dental arches can be divided; begins at the middle of the arch and goes to the last tooth on either side.

Rebase - Process of refitting a denture by replacing the acrylic base material.

Resin - Broad term used to indicate an organic substance that is usually tooth colored. Composite resin used in filling teeth, most often in the front of the mouth.

Retainer - An appliance used to maintain the positions of the teeth and jaws gained by orthodontic procedures.

Retrograde filling - A method of sealing the root canal by preparing and filling it from the root tip.

Root planing - A procedure designed to remove bacteria, tartar and diseased root tissue from the root surfaces. Often referred to as "deep cleaning."

Sealant - Application of a resin material to the biting surfaces of the permanent molars to seal the surface crevices to prevent the formation of decay.

Study model - A positive likeness of dental structures (teeth and adjoining tissues) for the purpose of study and treatment planning.

Supernumerary - Any tooth in excess of the 32 normal permanent teeth.

Temporomandibular joint - The joint formed by the connection of the lower jaw to the skull.

Tracing - As it relates to orthodontic treatment, a tracing is a line drawing of pertinent features of a cephalometric x-ray made on a piece of transparent paper placed over an x-ray. The tracing provides measurements of soft tissue and bony reference points that aid in predicting growth patterns and orthodontic diagnosis and treatment planning.

Trigeminal nerve - The main nerve that provides feeling to the muscles and tissues of the face, jaws and teeth.

Vertical dimension - The vertical height of the face with teeth in occlusion.
